

Grand Majestic 5-day Cruise "A"

(Santa Cruz, Genovesa, Rabida, Santiago, San Cristobal)

Day 1: Thursday

SANTA CRUZ ISLAND

In the morning: Baltra Airport Arrival

Morning flight from Quito or Guayaquil to Baltra, Galapagos Islands.

You will arrive at Baltra Island in the morning. After passing through immigration and baggage claim, you will be met by a Grand Majestic staff member and transferred to the yacht. You will be shown to your cabin where you will have some time to settle in before lunch and a welcome briefing.

In the afternoon: Fausto Llerena Breeding Center

You will visit "Fausto Llerena" Tortoise Breeding Center in Puerto Ayora, where giant tortoises are bred in captivity. This is home to tortoises ranging from 3-inches (new hatchlings) to 4-feet long adults. Subspecies of the giant tortoises interact with one another, and many of the older tortoises are accustomed to humans stretching out their heads for a photo opportunity. The babies are kept until they are about four years-old and strong enough to survive on their own.

Fausto Llerena Breeding Center, Santa Cruz Island

Highlights & Animals:	Giant tortoises, finches, Galapagos rails
Difficulty:	Easy
Type of Landing:	Dry Landing
Possible Activities:	Hiking

Day 2: Friday

GENOVESA ISLAND

In the morning: El Barranco

El Barranco, also known as Prince Phillip's Steps, is a steep, rocky path that leads up a high cliff rock face. A marvelous view can be appreciated from here. This site is also home to Palo Santo vegetation as well as red-footed boobies, short-eared owls, Galapagos storm petrels, and Galapagos doves.

El Barranco, Genovesa Island

Highlights & Animals:	Red-footed boobies, short-eared owls, storm-petrels, Galapagos doves
Difficulty:	Moderate
Type of Landing:	Dry Landing
Possible Activities:	Hiking, snorkeling, dinghy ride, kayaking

In the afternoon: Darwin Bay

Visit the white-sand coral beach of Darwin Bay which includes a half mile trail (0,75km) that winds through mangroves filled with land birds. Nazca boobies, red-footed boobies, and swallow-tailed gulls, which can easily be spotted here. Further down the path we'll find tidal pools where sea lions swim playfully. At the end is a spectacular view of a cliff.

Darwin Bay, Genovesa Island

Highlights & Animals:	Nazca boobies, red-footed boobies, swallow-tail gulls, mangroves, coral pebble beach, snorkeling: rays, colorful reef fish, and hammerhead sharks occasionally
Difficulty:	Easy
Type of Landing:	Wet Landing
Possible Activities:	Hiking, snorkeling, dinghy ride, kayaking

Day 3: Saturday

RABIDA AND SANTIAGO ISLANDS

In the morning: Rabida

You will visit Rabida Island (or Jervis) which is one of the most colorful and volcanically varied islands in the archipelago as well as a great snorkeling site. We will start on Rabida's famous maroon/red sand beach, and after an easy hike, you will arrive to a stunning lookout to enjoy the amazing landscapes. The island is a birdwatcher's delight. Some species are abundant such as a few varieties of finches, Galapagos vermillion flycatchers, Galapagos hawks and brown pelicans.

Rabida Island	
Highlights & Animals:	Snorkeling: white-cheeked pintail ducks, colourful fish, sea lions, brackish water lagoon, pelicans
Difficulty:	Easy/Moderate
Type of Landing:	Wet Landing
Possible Activities:	Hiking, snorkeling, dinghy ride, kayaking

In the afternoon: Chinese Hat Islet

This small islet is located near the southeast coast of Santiago Island. Its name comes from the distinct shape of the islet's summit. Chinese Islet is a great location to view many geological formations such as lava tunnels and lava flows. Some of the lava flows were formed underwater and subsequently raised above sea level. The presence of coral heads on the lava flow indicates this phenomenon.

Chinese Hat Islet, Santiago Island

Highlights & Animals:	Lava formations, great site for snorkeling with an abundance of marine species such as sea lions, sharks, rays and penguins.
Difficulty:	Easy
Type of Landing:	Wet Landing
Possible Activities:	Hiking, snorkeling, dinghy ride, kayaking

Day 4: Sunday

SAN CRISTOBAL ISLAND

In the morning: Witch Hill

Located on the northern coast, this eroded hill and its surroundings present one of the most picturesque beaches in the Galapagos with its white powdery sand and the abundance of animals. Wildlife includes sea turtles, rays, and various types of booby birds. The clear water provides an excellent opportunity for enjoying swimming and snorkeling.

Witch Hill, San Cristobal Island

Highlights & Animals:	Beautiful rock formations, sea lions, shore birds, finches and mockingbirds; Snorkeling: nice tropical fish, anemones, sponges, coral
Difficulty:	Easy
Type of Landing:	Wet Landing
Possible Activities:	Hiking, snorkeling, dinghy ride, kayaking

In the afternoon: Lobos Island

You will take an excursion to Lobos Island which means "Sea Lion Island." This appropriately named island is ripe with noisy, playful, jolly sea lions who will welcome you to their home with open, well, fins. This island also offers great snorkeling opportunities as well as the chance to see blue-footed and Nazca boobies.

Lobos Island, San Cristobal Island

Highlights & Animals:	Sea lions, frigate birds, blue-footed boobies
Difficulty:	Easy/Moderate
Type of Landing:	Dry Landing
Possible Activities:	Hiking, snorkeling, dinghy ride

Day 5: Monday

SAN CRISTOBAL ISLAND

In the morning: Gianni Arismendy Interpretation Center

This site is part of an environmental project. The tour of this center will explore the natural history of the islands including human interaction and conservation efforts. The Museum of Natural History explains the volcanic origin of the archipelago, ocean currents, climate, and the arrival of endemic species. The Human History exhibit chronologically describes significant events such as discovery and colonization of the islands.

Gianni Arismendy Interpretation Center, San Cristobal Island

Highlights & Animals:	Great exhibits about the archipelago's natural history
Difficulty:	Easy
Type of Landing:	Dry Landing
Possible Activities:	Hiking

After this final visit, you will be transferred to the San Cristobal airport in time for your flight back to the mainland.

The map illustrates the distribution and movement of the Brown Noddy across the Galapagos Islands. Islands shown include Fernandina, Isabela, Santa Cruz, Santa Fe, San Cristobal, Espanola, Floreana, Marchena, Santiago, Rabida, Baltra, North Seymour, Genovesa, and Santa Cruz. Red arrows indicate the movement paths of the birds, starting from Santa Cruz and spreading to other islands. A green dot on Santa Cruz marks the Fausto Llerena Breeding Center.

Itineraries are generally stable but may change due to weather, wildlife, safety, park regulations, guest abilities, or operational needs. Images shown are referential, and not all listed activities on each visitor point may be completed. Your guide and captain will always aim to choose the best possible itinerary.
